

# CENTRALE 7

more than rugby

# THE TOURNAMENT

Since 2005, over 300 players from around the world meet in May at École Centrale Paris' Chatenay-Malabry campus (92) to participate in the largest university tournament of 7-player rugby.

Organized by a team of over 50 students, this event is more than a simple rugby tournament, as it is also a stage for a unique show at the heart of our campus.

Last year's edition has brought together 12 male teams and 10 female teams from 14 different nations such as Malaysia, Australia, South Africa, Ukraine.

## THE PLACE

École Centrale Paris is one of the best engineer schools in France. The Centrale Sevens takes place at the campus, where the 1200 students and any rugby fan can enjoy the show for free.

The location is preferred for its position: it is only 20 minutes away from Paris by public transports.

You will be able to visit Paris and its most famous monuments such as the Eiffel Tower, the Louvre, and Montmartre.

# THE NEW EDITION

For its 13<sup>th</sup> edition, the tournament will take place the 11<sup>th</sup> and 12<sup>th</sup> of May 2017. Like all the previous years, the players will reside on the campus, right next to the field. The teams will be welcomed and fed for free during the tournament.

Following the Centrale Sevens, the Paris Sevens will take place at the Jean-Bouin stadium the 13<sup>th</sup> and 14<sup>th</sup> of May ; you will be able to attend this competition.

## MORE THAN RUGBY

Locate at the heart of the campus, the teamroom will offer during the entire competition a place for peace and relaxation. Video games, ping-pong tables, foosball, playing cards, bikes, drinks and many other items will be at your disposition.

You will also be able to watch the games live there.

During the whole tournament, our physiotherapists will be present for you on the side of the field. We will also hand out cryotherapy equipment and bikes to ease the players' recovery.

In order to recreate the atmosphere of the World Series, our band will play on the side of the field to encourage the crowd. That is why Centrale Sevens is more than Rugby.
